

8-WEEK BEGINNER WORKOUT FOR WOMEN

 Main Goal
GAIN MUSCLE & STRENGTH

 Workout Type
STRENGTH TRAINING

This 8-week workout plan is designed for beginner women to build strength using four key movement patterns: push, pull, squat, and hinge. These are the basic moves you'll rely on to strengthen multiple muscle groups at once and build a solid foundation.

Program Duration 8 Weeks	Days Per Week 3 Days	Time Per Workout 45 - 60 Mins	Target Gender Female	Training Level Beginner
------------------------------------	--------------------------------	-----------------------------------------	--------------------------------	-----------------------------------

Cat Cow	1 x 1 Min
Time Per Workout: 47 Mins Equipment Required: Flat Bench, Barbells, Dumbbells, Landmine Lever	

WORKOUT TIPS

- Train close to failure; slower reps signal you're close. Avoid underestimating to maximize gains.
- Rest 2-3 minutes between sets for full recovery and effort.
- Gradually increase reps, time, or weight weekly to ensure progress.
- Track body weight, measurements (arms, waist, hips, thighs), and photos bi-weekly to monitor changes.
